Vision

To lead the Construction Industry, Sri Lanka towards developing excellence in the Built Environment to meet the challenges of the 21st Century World.

Mission

Be the exclusive voice for the Construction Industry Sri Lanka to provide a safe, high quality, sustainable and eco-friendly Built Environment.

CHAMBER OF CONSTRUCTION INDUSTRY SRI LANKA

The Chamber is a Company limited by Guarantee where no profits or dividends could be declared to the members. The Chamber is administered by a Board of Directors elected by the Members under the direction of the Council which is also elected by the Members. All the stakeholders of the construction industry are very well represented in the Council, which is the main policy making body.

The growing conviction that the capacity of the Construction Industry which has great potential to stimulate economic growth had not been properly harnessed largely contributed to the formation of this apex body.

CCI is now positioned as the "Main Voice" on issues affecting the Construction Industry and is committed to protecting and promoting the construction industry. We endeavor to mediate wherever possible on issues faced by our members. It also acts as a facilitator of investments on development projects on Public-Private Partnership (PPP) model.

The Chamber enjoys a Consultative status with the Government, Multilateral Development Banks and International Funding Agencies among many others.
During the period 2016/2017 under review, CCI performed better than the previous year. We had considerable success with the Bulletin, Trade Exhibition, and the Sustainable Energy – Expo 2016. However, the Catalogue 2016/2017 was disappointing as we were unable to keep to the target date to publish due to lack of advertisements and as a result the content was inadequate and the anticipated income was not achieved.

Usually, CCI conducts Round Table Conferences or Seminars on important National issues related to the Construction Industry. However, due to lack of Sponsors, we were able to conduct only two Seminars during the first half of the year. "Western Megapolis Development Project – Can It Be Accelerated? and a Seminar on Flood Control & Disaster Responsiveness in the Proposed Western Megapolis Area". We received the support of Asia Pacific Alliance for Disaster Management Sri Lanka (A-PAD SL), for the Flood Control Seminar. In fact, a summary of the Presentations were published by them. What is lacking at CCI is the pre and post publicity for CCI Events. This weak area must be strengthened.

We also had a disastrous Press Briefing and the least said the better.

However, during the second half of the year, CCI was more active and successfully concluded a "Workshop on Application of Lean Construction Methods to Improve Efficiency & Reduce Waste in the Construction Sector in Sri Lanka. Mr Mahanama Jayamanne was responsible for bringing the International Speaker from the US and CCI organized the Event.

The China International Contractors Association (CHINCA), the President - Mr Fang Qiuchen and a Construction Industry delegation of Contractors and Investors from China visited Sri Lanka. President Qiuchen, had a meeting with the President – CCI, President Elect, and SG/ CEO, and discussed matters of mutual interest. Thereafter, both Presidents agreed to sign a MOU, setting out the future pattern of collaboration, between the two Organizations. SG/CEO, to prepare this document, and forward same to CHINCA as soon as possible. In the afternoon, of the same day, the "China- Sri Lanka Infrastructure Investment Co - operation Forum", was conducted jointly by CHINCA and CCI.

Both events referred to above were well organized with the participation of not only CCI Members, but also the public. If CCI maintains this momentum and standards, I am confident CCI could achieve the prominence it had in the past.

I wish to record that CCI has been successful in negotiating with the Government and obtaining approval for CCI to import much needed Skilled and Semi Skilled Workers to Sri Lanka to meet the current shortage. In this connection, I must acknowledge the efforts of our SG/ CEO Eng Nissanka Wijeratne who was able to set up this arrangement. The first batch, of 500 workers will be in Sri Lanka hopefully during the course of this month.

I am delighted to record that CCI have now settled all outstanding payments to former CCI staff, as well as settled all CCI liabilities to statutory agencies and others. CCI are now free to move forward with the other Programmes like the CCI Headquarters Building etc, as CCI are enjoying a healthy Balance Sheet. In this connection, I must particularly thank the President – Elect, Eng Ranjith Gunathilake, and Vice Presidents - Eng D D Wijemanne and Mr Mahanama Jayamanne for their Fund Raising efforts.

Unfortunately, although I mentioned in my Annual Report last year that CCI will prepare a Corporate Plan and restructure CCI with the assistance of a Deputy CEO, this never happened as we had to prematurely retire the Deputy CEO due to a serious matter. Hopefully, the incoming President may be able to initiate this important asset to CCI.

CCI also initiated several new ideas, but, unfortunately such ideas have so far not materialized, for example, the CCI Headquarters Building, Affinity Card, Report on Impact of Tax on overall Construction, PR/ Media Agency, Act of Incorporation and a few others. CCI must have a much more vibrant approach if CCI is to forge ahead. I am sorry, that, during my term, I was unable to do so, despite trying, and I hope in the future corrective measures will be taken.

For those Members who are new, I wish to point out that CCI has come a long way from the time CCI was inaugurated in 2001. That period was the worst in the history of the Construction Industry, as the economy was stagnant recording zero growth and so was the Construction Industry. This situation forced all the Stakeholders of the Construction Industry, such as, the allied Professional Associations and the Contractors Association, to consolidate all the available resources to make representations to the decision makers. The regular harassment to the Government made them aware that something needs to be done quickly to reactivate the Construction Industry.

I am absolutely proud that I was able to lead the Construction Industry over the past 16 years and to have achieved the eminence it is enjoying at present.

I must conclude by thanking the Board of Directors, the Council, the SG/ CEO and Staff of CCI, the Past Directors and Council Members including our former Employees of CCI without all their help and assistance it is unlikely that we could have reached this prestigious position we are at present.

Finally, I am delighted to handover the Presidency of CCI to Eng Ranjith Gunathilake, a person of proven ability and talent, a person who is the Managing Director and Deputy Chairman of one of the largest Contracting Organizations in the Country. I have no doubt, that CCI will benefit by his vision and achieve greater heights in the years to come.

INDEPENDENT AUDITORS REPORT
TO THE MEMBERS OF THE CHAMBER OF CONSTRUCTION INDUSTRY, SRI LANKA

Report on the Financial Statements

We have audited the accompanying financial statements of The Chamber of Construction Industry, Sri Lanka which comprise the statement of financial position as at March 31, 2017, and the statement of comprehensive income and retained earnings, statement of changes in equity and statement of cash flow for the year ended, and a summary of significant accounting policies and other explanatory information.

Board’s Responsibility for the Financial Statements.

The Board of Directors is responsible for the preparation of these financial statements that give a true and fair view in accordance with Sri Lanka Accounting Standard for Small and Medium – sized Entities (SLFRS for SMEs) and for such internal control as board determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Sri Lanka Auditing Standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Board, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at March 31, 2017 and of its financial performance and cash flows for the year then ended in accordance with Sri Lanka Accounting Standard for Small and Medium-Sized Entities.

CCI - The Apex Representative Body of the Domestic Construction Industry
1. GENERAL INFORMATION

The Chamber of Construction Industry, Sri Lanka is a guarantee limited company incorporated in Sri Lanka. The address of its registered office and principal place of business is No. 65, Walukarama Road, Colombo 03.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with the Sri Lanka Accounting Standard for small and Medium-Sized Entities issued by the Institute of Chartered Accountants of Sri Lanka. These financial statements are presented in Sri Lankan Rupees (Rs.) and all financial information presented in Sri Lankan Rupees has been rounded to the nearest rupee.

2.1.1 GOING CONCERN

The directors have made an assessment of Company’s ability to continue as a going concern and they do not intend either to liquidate or to cease trading.

2.2 REVENUE RECOGNITION

Revenue is recognized to the extent that is probable that the economic benefits will flow to the company and associated costs incurred or to be incurred can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable net of discounts and sales taxes. Following specific criteria are used for the purpose of recognition of revenue.

(a) Rendering of Services

Revenue from rendering of services is recognized in the accounting period in which the services are rendered or prepared.

(b) Other Income

Other income is recognized on an accrual basis.

Chartered Accountants
2.3  **INCOME TAX**

Income tax expense represents the sum of the tax currently payable. The tax currently payable is based on taxable profit for the year.

Provision for taxation has been made according to the Inland Revenue Act No. 10 of 2006.

2.4  **DEFERRED TAXATION**

No provision has been made for Deferred Tax.

2.5  **PROPERTY, PLANT & EQUIPMENT**

Tangible Assets are shown at written down value. Depreciation is charged on written down value at the following rates per annum, in order to write off the cost of such assets over their estimated useful lives.

- Office Equipment 25%
- Office Refurbishment 20%
- Office Furniture 20%
- Motor Vehicles 25%

Depreciation is charged from the date an asset is available for use.

2.6  **INTANGIBLE ASSETS**

Intangible assets are purchased computer software that is stated at cost less accumulated depreciation and any accumulated impairment losses. It is amortized over its estimated life of four years using the written down value method. If there is an indication that there has been a significant change in amortization rate, useful life or residual value of an intangible asset, the amortization is revised prospectively to reflect the new expectations.

2.7  **IMPAIRMENT OF ASSETS**

At each reporting date, property, plant and equipment, intangible assets, and investments in associates are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognized immediately in profit or loss.

KINGSLEY JAYALATH & CO
Chartered Accountants
Similarly, at each reporting date, inventories are assessed for impairment by comparing the carrying amount of each item of inventory (or group of similar items) with its selling price less costs to complete and sell. If an item of inventory (or group of similar items) is impaired, its carrying amount is reduced to selling price less costs to complete and sell, and an impairment loss is recognized immediately in profit or loss.

If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount (selling price less costs to complete and sell, in the case of inventories), but not in excess of the amount that would have been determined had no impairment loss been recognized for the asset (group of related assets) in prior year. A reversal of an impairment loss is recognized immediately in profit or loss.

2.8 **TRADE AND OTHER RECEIVABLES**

Trade and Receivables are stated at the value estimated to be realized. Receivables are made on the basis of normal credit terms, and the receivables do not bear interest.

2.9 **TRADE PAYABLES**

Trade payables are those, which fall due for payment on demand or within one year from the statement of financial position date. Trade payables are obligations on the basis of normal credit terms and do not bear interest.

2.10 **BANK LOANS AND OVERDRAFTS**

Bank loans and overdraft interest is recognized in profit or loss in the year in which they are incurred.

3 **EMPLOYEE BENEFITS**

3.1 **DEFINED CONTRIBUTION PLANS**

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contribution into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contribution to Employee Provident and Employee Trust Funds covering all employees are recognized as an expense in profit or loss as incurred.

The company contributes 12% and 3% of gross emoluments of employees as Provident Fund and Trust Fund contribution respectively.

**KINGSLY JAYALATH & CO**
Chartered Accountants
3.2 DEFINED BENEFIT PLANS

Full provision has been made on account of retiring gratuity from the first year of service of the employees in conformity with the section 28 of the Sri Lanka Accounting Standards for Small and Medium Sized Entities – “Employee Benefits” at half (1/2) month’s salary for each year’s service.

However, according to the payment of Gratuity Act No.12 of 1983, the liability for gratuity payment to an employee arises only after the completion of 5 years of continued service.

The liability is not externally funded nor actuarially valued. The item is grouped under Non-Current Liabilities in the Balance Sheet.

4. EVENTS OCCURING AFTER REPORTING DATE

The materiality of events after the reporting period has been considered and appropriate adjustments, wherever necessary, have been made in the accounts.
